August 31, 2016

Employer:

I am writing in response to your email dated July 28, 2016, in which you request an extension to the deviation from Sections 28(1), (3) and (4) of Regulation 96-105 dated May 5, 2016. You indicate in your email that due to several delays, you are unable to complete the work by the August 2016 deadline and therefore require an extension of three additional months.

Based on the information received and as provided by the authority of Section 3(3)(b) of the *Occupational Health and Safety Act*, a deviation from Section 28(1), (3) and (4) is granted until the dewatering process in the affected zone is completed or no later than December 31, 2016, whichever comes first. If additional time is necessary, your company will be required to request an extension of the deviation.

By copy of this letter, I have advised WorkSafeNB of my decision. Please do not hesitate to contact me at 738-4107 should you have any questions regarding this decision.

Yours truly,

Chief Compliance Officer
